

MSL944002 - Maintain laboratory or field workplace safety - MSL40122 MSL50122: Thursday Lab Safety class

Natalie Jordan - Natalie.Jordan@nmtafe.wa.edu.au <do-not-reply@blackboard.tafe.wa.edu.au>

Wed 29/05/2024 12:04 PM

Hi All Safe Laboratory Technicians,

we have a classroom change for tomorrow's Maintain Laboratory Safety class. We will be in the computer lab B305-3.

Please visit BlackBoard learning materials / session 7 prior to tomorrow's class as there is important pre-reading:

1. How to complete a JHA
2. How to cleanup a minor spill using acronym CCCCCR

You must have completed your SDS research for your team as I will assign your team one of the chemicals to cover in the JHA.

See you all there,

Regards,

Natalie
